

UNIQUE EVENT SPACE ON MELBOURNE'S DOORSTEP

Docklands Studios Melbourne is a campus of 5 cavernous sound stages 5 minutes from Melbourne's CBD.

In its short life the Studio has hosted some extraordinary corporate events that include car launches, fashion runways, music rehearsals, VIP-only concert performances and even an indoor soccer match for visiting soccer team, Real Madrid.

Anything is possible in this intriguing venue that is still relatively unknown outside the screen industry.

SPORTS + FASHION + CARS + SCREENING + PERFORMANCE + PARTIES + CONFERENCES + MUSIC

A BLANK CANVAS FOR YOUR EVENT

Features:

- 5 huge clear-span buildings to choose from
- Sound stages are climate-controlled and sound-proofed
- Each stage has elephant doors for truck entry
- Overhead grids that are strong enough to hang a commercial bus
- Stage 1 has a pit that can be flooded
- Back-of-house areas include star rooms, green rooms, offices and a kitchenette
- Plenty of space for equipment storage
- A secure environment with 24-hour access
- Ample parking for set-up and guests
- Travel by boat is possible to this location

Operating conditions:

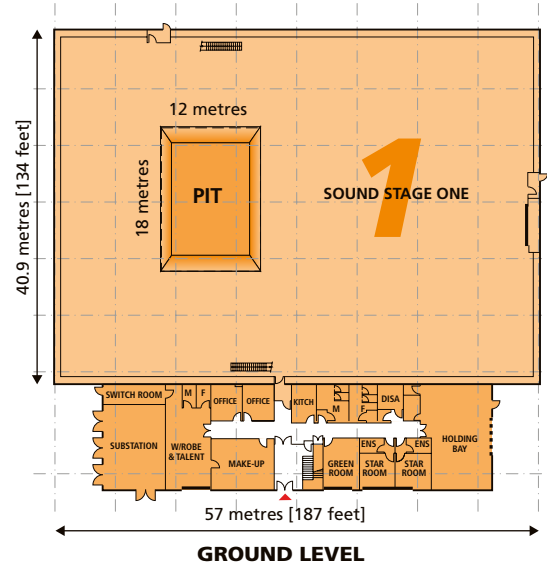

- This is a dry-hire facility – no equipment or catering tie-ins
- Bring your own everything
- Well-suited to standing events and casual dining
- We don't have industrial kitchens – most local screen industry catering companies and food trucks have worked here
- Sound stage hire includes all back-of-house areas on the ground level

Important specs:

- Stages range from 743m² to 2300m²
- Stages have high ceilings 9.7m to 14.7m
- For more information, visit:
